

“Scrutineer the easy way!” - Highland Scrutineer

Highland Scrutineer is a professional software application written to aid the administration and running of Highland Dancing competitions worldwide.

This latest version is currently being used by several of the major Championship organisers including the United Kingdom Championships, Scottish Championships, World Championships and the 2004 and 2005 United States Inter Regional championships (USIR).

Highland Scrutineer is ideal for any type of competition from large National championship events to smaller local competitions.

Online and email support is included in your purchase.

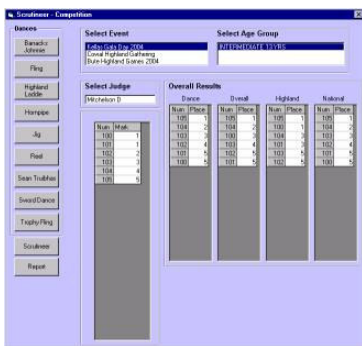

Highland Scrutineer is developed and maintained by Deryck Mitchelson, an Honours graduate in Computers Science and expert in scrutineering methodologies.

Highland Scrutineer provides:

- **Competition Wizard.** A simple wizard interface guides you through setting up your competition age groups and dances.

- **Rapid Entry of Competitors.** A searchable, excel style, data entry grid allows for easy data entry and assignment into relevant classes.

- **Data Loader.** Prefer to work in excel? Highland Scrutineer allows you to load and reload your competitor data from any delimited format.

- **Flexibility in Number of Prizes.** Highland Scrutineer allows you to set the

number of prizes to be given in each dance and scrutineers down to that level.

- **Customisable Scrutineering of Competitions.** Highland Scrutineer allows you to break down an age group into Overall, Highland and National winners.

- **Lineup/ Callback.** Highland Scrutineer provides a facility for easy printing of lineup and callback sheets.

- **Multi-format Reports.** All reports can be viewed, printed, saved as HTML for upload to your website or exported to Excel.

- **Backup and Restore.** Remove the clutter! Competition data can be backed up and archived onto any computer media and restored when required.

- **Age Group Splits.** Highland Scrutineer provides build-in facility to split age groups based on entries and age.

Highland Scrutineer is:

Powerful, flexible and cost effective

Available for Windows 98, ME, 2000 and XP.

**HIGHLAND
SCRUTINEER**

"We use 'Highland Scrutineer' for both entry management and scrutineering for our smaller monthly competitions and championships and are delighted with both the ease of use and powerful scrutineering functions!!"

Helen Garland, Tayside Highland Dancing Association

"No more reaching for the calculator and rule book to split championship ties - 'Highland Scrutineer' does it all at a click of a button."

Bill Baillie, Granite City Championships

"I run many small competitions where the numbers in each class are relatively small resulting in variation in number of prizes awarded. 'Highland Scrutineer' lets you set the number of prizes in each age group and then scrutineers respectively."

George Mitchelson, Tay Folk Dance and Music
